I.5.1 Ground Contamination

There have been no detailed site investigations carried out at the Goff Recycling Ltd site as part of this Waste Licence application. However, the following account is the brief history of the existing site:

The existing municipal waste management site has been in operation for the past 2 years and is located in an existing industrial estate. Prior to the waste business, the actual site was used as a commercial warehouse for storage.

I.5.2 Groundwater Contamination

This section has been adequately covered in Attachment I.4 of this waste licence application.
