

CONDITION 6 EMISSIONS

- 6.1. The Permit Holder shall ensure that the activities shall be carried out in a manner such that emissions do not result in significant impairment of, or significant interference with the environment beyond the facility boundary.
- 6.2. Discharge to Surface Water**
- 6.2.1. Discharges to surface water shall only be made at the location shown in the site layout drawing no: 04,56/PP03 received in this office on November 12th 2004.
- 6.2.2. There shall be no visible oil in the discharge
- 6.3. Disposal of Foul Water**
- 6.3.1. The permit holder shall maintain a wastewater treatment system designed and constructed in accordance with the guidance document Wastewater Treatment Manuals – Treatment systems for Small Communities, Business Leisure Centres and Hotels, and shall hold an appropriate discharge licence.
- 6.4. Noise**
- 6.4.1. No noise emissions from the facility shall exceed the emission limit values specified in *Schedule D.1: Noise Emissions*, of this Waste Permit. There shall be no clearly audible tonal component or impulsive component in the noise emissions from the activity at the noise sensitive locations.
- 6.5. Dust Control**
- 6.5.1. In dry weather, site roads and any other areas used by vehicles shall be sprayed with water as and when required to minimise airborne dust nuisance.
- 6.5.2. Water sprinklers shall be operated as and when required for the prevention of dust nuisance.
- 6.5.3. Dust levels shall not exceed 350mg/m³/day

REASON: *To control emissions from the facility and provide for the protection of the environment and to provide for the requirements of Wexford County Council in accordance with Section 52 of the Waste Management Acts 1996 to 2003.*

CONDITION 7 NUISANCE CONTROL

7.1 The Permit Holder shall ensure that dust, litter and odours do not give rise to nuisance at the facility or in the immediate area of the facility. Any method used by the Permit Holder to control any such nuisance shall not cause environmental pollution.

7.2 The road network in the vicinity of the facility shall be kept free from any debris caused by vehicles entering or leaving the facility. Any such debris or deposited materials shall be removed without delay.

7.3 Litter Control

7.3.1 All loose litter or other waste, placed on or in the vicinity of the facility, other than in accordance with the requirements of this Waste Permit, shall be removed, subject to the agreement of the landowners, immediately and in any event by 10.00am of the next working day after such waste is discovered.

7.3.2 The Permit Holder shall ensure that all vehicles delivering waste to and removing waste and materials from the facility are appropriately covered.

7.4 Dust/Odour Control

7.4.1 In the event that odour, associated with waste being processed/stored at the facility, is detected, the Permit Holder shall take immediate and necessary actions to prevent it becoming a nuisance. All such incidents and interventions should be documented and reported to Wexford County Council quarterly.

7.4.2 Prior to the date of commencement of the waste activities at the facility the Permit Holder shall install and provide adequate measures for the control of dust emissions, including fugitive dust emissions, from the facility. Such measures shall at a minimum include the following:-

- a) Dust curtains shall be maintained on the entry/exit points from the waste transfer building, all other doors in this building shall be kept closed where possible.
- b) Installation and maintenance of negative pressure throughout the building to ensure no significant escape of odours or dust.
- c) Installation/provision of an appropriate odour response/management system.
- d) Provision of 100% duty capacity and 10% stand by capacity, back ups and spares must be provided for any air handling, ventilation and abatement plant.

7.5 Vermin and Pest Control

7.5.1 All waste shall be handled and stored in such a manner, so as to reduce the likelihood of nuisance being caused by vermin, birds, flies or any other pests.

7.5.2 Prior to the commencement of the waste activities at the facility, the Permit Holder shall prepare a vermin and pest control plan, for the agreement of Wexford County Council.

REASON: <i>To provide for the control of nuisances</i>

CONDITION 8 MONITORING

- 8.1. The Permit Holder shall carry out such monitoring and at such locations and frequencies as set out in *Schedule E: Monitoring* of this permit. Unless otherwise specified by this permit, all environmental monitoring shall commence no later than two months after the date of grant of this Permit
- 8.2. The Permit Holder shall amend the frequency, locations, methods and scope of monitoring as required by this permit only upon the written instruction of Wexford County Council and shall provide such information concerning such amendments as may be requested in writing by Wexford County Council. Such alterations shall be carried out within any timescale nominated by Wexford County Council.
- 8.3. Monitoring and analysis equipment shall be operated and maintained in accordance with the manufacturers' instructions (if any) so that all monitoring results accurately reflect any emission, discharge or environmental parameter.
- 8.4. The Permit Holder shall provide safe and permanent access to all on-site sampling and monitoring points and to off-site points as required by Wexford County Council.
- 8.5. The Permit Holder shall maintain all sampling and monitoring points, and clearly label and name all sampling and monitoring locations, so that they may be used for representative sampling and monitoring.
- 8.6. The Permit Holder shall install on all emission points such sampling equipment, including any data-logging or other electronic communication equipment, as may be required by Wexford County Council. All such equipment shall be consistent with the safe operation of all sampling and monitoring systems.
- 8.7. Prior to the commencement of waste activities at this facility the following information, as may be relevant, shall be submitted to Wexford County Council for its agreement: the names, qualifications and a summary of relevant experience of all persons that will carry out all sampling and monitoring as required by this permit and who carry out the interpretation of the results of such sampling and monitoring. Any proposed changes to the above shall be submitted in writing to Wexford County Council for its agreement.
- 8.8. All automatic monitors and samplers shall be functioning at all times (except during maintenance and calibration) when the activity is being carried on, unless alternative sampling or monitoring has been agreed, in writing, by Wexford County Council for a limited period. In the event of the malfunction of any continuous monitor, the Permit Holder shall contact Wexford County Council as soon as practicable, and alternative sampling and monitoring facilities shall be put in place. Prior written agreement for the use of alternative equipment, other than in emergency situations, shall be obtained from Wexford County Council.
- 8.9. Noise Monitoring
 - 8.9.1. The Permit Holder shall carry out noise monitoring at the locations set out in *Schedule E: Monitoring* of this permit.
- 8.10. The Permit holder shall hold a current discharge licence in accordance with the Local Government (Water Pollution) Act, 1977
- 8.11. Surface Water Monitoring
 - 8.11.1. The Permit Holder shall carry out surface water monitoring at the locations set out in *Schedule E: Monitoring* of this Waste Permit.
- 8.12. Nuisance Monitoring

8.12.1. The Permit Holder shall, at a minimum of one week intervals, inspect the facility and its immediate surrounds for nuisances caused by litter, vermin, birds, flies, mud, dust and odours.

REASON: To ensure compliance with the conditions of this Waste Permit by provision of a satisfactory system of monitoring of emissions.

*For inspection purposes only.
Consent of copyright owner required for any other use.*

CONDITION 9 CONTINGENCY ARRANGEMENTS

- 9.1 In the event of an incident Permit Holder shall immediately:-
- a) Identify the date, time and place of the incident;
 - b) Carry out an immediate investigation to identify the nature, source and cause of the incident and any emission arising there from;
 - c) Isolate the source of any such emission;
 - d) Evaluate the environmental pollution, if any, caused by the incident;
 - e) Identify and execute measures to minimise the emissions/malfunction and the effects thereof;
 - f) Provide a proposal to Wexford County Council for its agreement within one month of the incident occurring to:-
 - i) identify and put in place measures to avoid reoccurrence of the incident; and
 - ii) identify and put in place any other appropriate remedial action.
- 9.2 The Permit Holder shall, prior to commencement of waste activities prepare a written Emergency Response Procedure (ERP). The ERP shall address any emergency situations, which may originate on the facility and shall include provision for minimising the effects of any emergency on the environment. This shall include a risk assessment to determine the requirements at the facility for fire fighting and fire water retention facilities. The Fire Authority shall be consulted by the Permit Holder during this assessment. This procedure shall be kept on site and available for inspection by Wexford County Council personnel.
- 9.3 The Permit Holder shall have in storage an adequate supply of containment booms and/or suitable absorbent material to contain and absorb any spillage at the facility. Once used the absorbent material shall be disposed of at an appropriate facility.
- 9.4 Emergencies
- 9.4.1 In the event of a complete breakdown of equipment or any other occurrence which results in the closure of the transfer station building, any waste arriving at or already collected at the facility shall be transferred directly to appropriate landfill sites or any other appropriate facility until such time as the transfer station building is returned to a fully operational status. Such a breakdown event will be treated as an emergency and rectified as soon as possible.
- 9.4.2 All significant spillages occurring at the facility shall be treated as an emergency and immediately cleaned up and dealt with so as to alleviate their effects.
- 9.4.3 No waste shall be burnt within the boundaries of the facility. A fire at the facility shall be treated as an emergency and immediate action shall be taken to extinguish it and notify the appropriate authorities.

REASON: To ensure compliance with the conditions of this Permit by provision of a satisfactory system of monitoring of emissions.

CONDITION 10 RECORDS

- 10.1 The Permit Holder shall keep the following documents at the facility office:-
- a) the current waste Permit relating to the facility;
 - b) the current discharge licence in accordance with the Local Government (Water Pollution) Act, 1977.
 - c) the current EMS for the facility;
 - d) the monthly reports for the previous twelve month period.
 - e) the previous year's AER for the facility; and
 - f) all written procedures produced by Permit Holder, which relate to the permitted activities.
- 10.2 The Permit Holder shall maintain a written record for each load of waste arriving at and departing from the facility. The Permit Holder shall record the following:-
- a) the date;
 - b) the name of the carrier (including if appropriate, the waste carrier registration details);
 - c) the vehicle registration number;
 - d) the name of the producer(s)/collector(s) of the waste as appropriate;
 - e) the name of the waste facility (if appropriate) from which the load originated including the waste licence or waste permit register number;
 - f) a description of the waste including the associated EWC codes;
 - g) the quantity of the waste, recorded in tonnes;
 - h) the name of the person checking the load;
 - i) where loads or wastes are removed or rejected, details of the date of occurrence, the types of waste and the facility to which they were removed; and
 - j) where applicable a consignment note number (including transfrontier shipment notification and movement/tracking form numbers, as appropriate).
- 10.3 Written Records
- The following written records shall be maintained by the Permit Holder:-
- a) the types, quantities and destination of waste sent off-site from the facility for recovery/disposal each year. These records shall include the relevant EWC Codes;
 - b) all training undertaken by facility staff;
 - c) results from all integrity tests of bunds and other structures and any maintenance or remedial work arising from them;
 - d) details of all nuisance inspections; and
 - e) the names and qualifications of all persons who carry out all sampling and monitoring as required by this Waste Permit and who carry out the interpretation of the results of such sampling and monitoring.
- 10.4 The Permit Holder shall maintain a written record of all complaints relating to the operation of the activity. Each such record shall give details of the following:-
- a) date and time of the complaint;
 - b) the name of the complainant;
 - c) details of the nature of the complaint;

- d) actions taken on foot of the complaint and the results of such actions; and,
- e) the response made to each complainant.

REASON: To provide for the keeping of proper records of the operation of the facility.

CONDITION 11 REPORTS AND NOTIFICATIONS

- 11.1 Unless otherwise agreed by Wexford County Council, all reports and notifications submitted to Wexford County Council shall:-
- a) be sent to Wexford County Council Headquarters;
 - b) comprise one original and three copies unless additional copies are required;
 - c) be formatted in accordance with any written instruction or guidance issued by Wexford County Council
 - d) include whatever information as is specified in writing by Wexford County Council;
 - e) be identified by a unique code, indicate any modification or amendment, and be correctly dated to reflect any such modification or amendment;
 - f) be submitted in accordance to the relevant reporting frequencies specified by this Permit, such as in *Schedule F: Recording & Reporting to Wexford County Council*, of this Waste Permit;
 - g) be accompanied by a written interpretation setting out their significance in the case of all monitoring data; and
 - h) be transferred electronically to Wexford County Council computer system if required by Wexford County Council.
- 11.2 In the event of an incident occurring on the facility, the Permit Holder shall:-
- a) notify Wexford County Council as soon as practicable and in any case not later than 10.00 am the following working day after the occurrence of any incident;
 - b) submit a written record of the incident, including all aspects described in Condition 9.1(a-e), to Wexford County Council as soon as practicable and in any case within five working days after the occurrence of any incident;
 - c) in the event of any incident which relates to discharges to surface/sewer water, notify the Southern Fisheries Board and the Sanitary Authority as soon as practicable and in any case not later than 10:00am on the following working day after such an incident; and
 - d) Should any further actions be taken as a result of an incident occurring, the Permit Holder shall forward a written report of those actions to Wexford County Council as soon as practicable and no later than ten days after the initiation of those actions.
- 11.3 Monitoring Locations
- 11.3.1 The Permit Holder shall maintain on site, scaled drawing(s) showing all the monitoring locations that are stipulated in this Permit. The drawing(s) shall include the reference code of each monitoring point.

11.4 Annual Environmental Report

11.4.1 The Permit Holder shall submit to Wexford County Council for its agreement, by 28th day of February each year, an Annual Environmental Report (AER) in relation to such activities in the preceding calendar year or part thereof, as the case may be.

11.4.2 The AER shall include as a minimum the information specified in *Schedule G: Content of Annual Environmental Report*, of this Permit and shall be prepared in accordance with any relevant written guidance issued by Wexford County Council.

11.5 Monthly Environmental Report

11.5.1 The Permit Holder shall submit to Wexford County Council for its agreement, Monthly Environmental Report in relation to such activities in the preceding calendar Month or part thereof, as the case may be. This report shall be submitted not later than 10 working days from the end of the month in question.

11.5.2 The Monthly Environmental Report shall include as a minimum the information specified in *Schedule h: Content of Monthly Environmental Report*, of this Permit and shall be prepared in accordance with any relevant written guidance issued by Wexford County Council.

11.6 The permit holder shall notify Wexford County Council within seven days of-

- a. the imposition of any requirement on that person by order under Section 57 or 58 of the Waste Management Acts 1996 to 2003 or
- b. any conviction of that person for an offence prescribed under section 34(5) or 40(7) of the Waste Management Acts 1996 to 2003,

REASON: To provide for proper reporting and notification to the Local Authority.

CONDITION 12 CHARGES AND FINANCIAL PROVISIONS

12.1 The Permit Holder shall pay to Wexford County Council an annual contribution of **€6,000.00** (six thousand euro) or such sum as Wexford County Council from time to time determines, towards the cost of monitoring the activity or otherwise in performing any functions in relation to the activity, as Wexford County Council considers necessary for the performance of its functions under the Waste Management Act, 1996. Permit Holder shall in 2005 and subsequent years, not later than January 31 of each year, pay to Wexford County Council this amount updated in accordance with changes in the Public Sector Average Earnings Index from the date of the Waste Permit to the renewal date. The updated amount shall be notified to the Permit Holder by Wexford County Council. For 2004, the Permit Holder shall pay a pro rata amount from the date of this Waste Permit to 31st December. This amount shall be paid to Wexford County Council within one month of the date of grant of this permit.

12.1.1 In the event that the frequency or extent of monitoring or other functions carried out by Wexford County Council needs to be increased the Permit

Holder shall contribute such sums as determined by Wexford County Council to defraying its costs in regard to items not covered by the said annual contribution.

12.1.2 The Permit Holder shall contribute such sums as determined by Wexford County Council to defraying its costs in regard to monitoring of the facility to date.

12.2 The Permit Holder shall from commencement of the activity provide a cash deposit or a bond of an insurance company or other security in the amount of **€25,000.00** (Twenty five thousand euro) to satisfactory completion of the Restoration and Aftercare Plan required by Condition 5.

REASON: To provide for adequate financing for monitoring and financial provisions for measures to protect the environment.

*For inspection purposes only.
Consent of copyright owner required for any other use.*

SCHEDULE A - WASTE ACCEPTANCE

A.1 Waste Acceptance

Table A.1 Waste Categories and Quantities

WASTE TYPE		MAXIMUM (TONNES PER ANNUM)
Non-Hazardous commercial & industrial sourced dry recyclable wastes including Note 1:-		
EWC Code	Description	
15 01 01	Paper and Cardboard Packaging	
15 01 02	Plastic Packaging	
15 01 03	wooden packaging	
15 01 04	metallic packaging	
15 01 05	composite packaging	
15 01 06	mixed packaging	
15 01 07	glass packaging	
15 01 09	textile packaging	
16 01 20	Glass (Windscreens)	
19 12 01	paper and cardboard	
19 12 02	ferrous metal	
19 12 03	non-ferrous metal	
19 12 04	plastic and rubber	
19 12 05	glass	
19 12 07	wood other than that mentioned in 19 12 06	
19 12 08	Textiles	
20 01 01	paper and cardboard	
20 01 02	glass	
20 01 10	clothes	
20 01 11	textiles	
20 01 38	wood other than that mentioned in 20 01 37	
20 01 39	plastics	
20 01 40	metals	
TOTAL		20,000

Note 1: Other dry-recyclables may be acceptable subject to prior written agreement with Wexford County Council.

For inspection purposes only.
Consent of copyright owner required for any other use.

SCHEDULE B - SPECIFIED ENGINEERING WORKS

Specified Engineering Works (as may arise)

Installation of any emission abatement system.

Installation of waste handling, processing, recycling/recovery infrastructure and installation of increased waste processing capacity.

Installation of boundary fencing and kerbing identified in Drawing No 04,56/PP03 received in this office 12 November 2004

Installation of kerbing to limit access to Bay 2 from public area, (Details to be agreed with Wexford County Council)

Installation of drainage in the waste handling area with diversion of these drains to the Wastewater treatment plant. (Details to be agreed with Wexford County Council)

Any other works notified in writing by Wexford County Council

*For inspection purposes only.
Consent of copyright owner required for any other use.*

SCHEDULE C – TIMEFRAME FOR SUBMISSION OF DETAILS.

Time frame for the Submission of details for the agreement of Wexford County Council in accordance with conditions imposed by this permit.

Details to be submitted	Timeframe for submission of details.
Management Structure in accordance with Condition 2.2	Prior to commencement of operations
Documented Environmental Management System in accordance with Condition 2.3	Within 3 Months of granting of permit
Communications Programme in accordance with Condition 2.4	Within 3 Months of granting of permit
Proposals for Specified Engineering Works	1 month prior to the commencement of such works
Details of Waste Handling Capacity in accordance with Condition 3.10	Prior to commencement of operations
Proposals for decommissioning and aftercare in accordance with Condition 4.1	3 months prior to the final expiration of permit.
Waste Acceptance and Characterisation procedures in accordance with condition 4.2	Prior to commencement of waste acceptance
Notification of authorised waste contractors in accordance with condition 4.4.1	Prior to commencement of waste acceptance
Vermin and Pest Control Plan in accordance with condition 7.5.2	Prior to commencement of waste acceptance
Submission of the names, qualifications and a summary of relevant experience of all persons that will carry out all sampling and monitoring and interpretation of results as required by this permit in accordance with condition 8.8	Prior to commencement of waste acceptance
Written Emergency Response Procedure (ERP) in accordance with condition 9.2	Prior to commencement of waste acceptance
Noise Sensitive Location in accordance with Schedule D	Prior to commencement of waste acceptance
Emission point to Treatment Plant in accordance with Schedule D	Prior to commencement of waste acceptance

SCHEDULE D - EMISSION LIMITS

D.1 Noise Emissions: (Measured at noise sensitive locations to be agreed by Wexford County Council).

Day dB(A) L _{Aeq} (30 minutes)	Night dB(A) L _{Aeq} (30 minutes)
55	45

D.2 Dust Deposition Limits:

(Measured at the monitoring points indicated in *Table A.23.1*).

Level (mg/m ² /day) Note 1
350

Note 1: 30 day composite sample with the results expressed as mg/m² /day.

For inspection purposes only.
Consent of copyright owner required for any other use.

SCHEDULE E - MONITORING

E.1 Noise

Table E.1 Noise Monitoring Frequency and Technique

Parameter	Monitoring Frequency	Analysis Method/Technique
L(A) _{EQ} [30 minutes]	Bi-Annual	Standard ^{Note 1}
L(A) ₁₀ [30 minutes]	Bi-Annual	Standard ^{Note 1}
L(A) ₉₀ [30 minutes]	Bi-Annual	Standard ^{Note 1}
Frequency Analysis(1/3 Octave band analysis)	Bi-Annual	Standard ^{Note 1}

Note 1: "International Standards Organisation. ISO 1996. Acoustics - description and Measurement of Environmental noise. Parts 1, 2 and 3."

E.2 Surface water monitoring parameters and Frequency

Table E.2 Surface water Monitoring Frequency and Techniques

Parameter	Monitoring Frequency ^{Note 2}	Analysis Method/Technique
Visual Inspection	Weekly	Not Applicable
PH	Quarterly	Electrometry
Biological Oxygen Demand	Quarterly	Electrometry / Titrimetry with nitrification inhibitor
Chemical Oxygen Demand	Quarterly	Digestion and Colorimetry/ Titrimetry
Chloride	Quarterly	Colorimetry / Ion Chromatography
Dissolved Oxygen	Quarterly	Electrometry
Electrical Conductivity	Quarterly	Electrometry
Total Suspended Solids	Quarterly	Gravimetry
Oils, Fats, Grease	Quarterly	Extraction with solvent and Gravimetry Standard Method ^{Note 1}
Ammoniacal Nitrogen	Quarterly	ISE/ Colorimetry
Temperature	Quarterly	Thermometry
Coliforms (Total, Fecal)	Annually	Membrane Filtration or MPN using referenced procedures

Note 1: "Standards Methods for the Examination of Water and Wastewater", (prepared and published jointly by A.P.H.A., A.W.W.A & W.E.F) 20th Ed., American Public Health Association, 1015 Fifteenth Street, Washington DC 20005, USA.

E.3 Monitoring of Dust

Dust monitoring at 2 locations shall be agreed prior to the commencement of activities.

Table E.3.1 Dust deposition monitoring locations

Station	Designation
D1	Western Boundary
D2	Eastern Boundary

Table E.3.2 Dust Monitoring Frequency and Technique

Parameter (mg/m ² /day)	Monitoring Frequency Analysis	Method/Technique
Dust	Three times a year ^{Note 2}	Standard Method ^{Note 1}

Note 1: Standard method VDI2119 (Measurement of Dustfall, Determination of Dustfall using Bergerhoff Instrument (Standard Method)

German Engineering Institute). Any modifications to eliminate interference due to algae growth in the gauge should be reported to Wexford County Council

Note 2: At least twice during the period May to September.

For inspection purposes only.
Consent of copyright owner required for any other use.

SCHEDULE F - RECORDING AND REPORTING TO WEXFORD COUNTY

COUNCIL

Report	Reporting Frequency <small>Note 1</small>	Report Submission Date
Environmental Management System Updates	Annually	Annually as part of AER.
Annual Environment Report (AER)	Annually	By 28 February each year.
Record of incidents	As they occur	Within five days of the incident.
Bund, tank and container integrity assessment	Every two years	Prior to the commencement of waste operations on the site, and every two years thereafter as part of the AER.
Specified Engineering Works reports	As they arise	Prior to the works commencing.
Noise Monitoring	Annually	Annually as part of AER.
Any other monitoring	As they occur	Within ten days of obtaining results.

Note 1: Unless altered at the request of Wexford County Council.

*For inspection purposes only.
Consent of copyright owner required for any other use.*

SCHEDULE G - CONTENT OF THE ANNUAL ENVIRONMENTAL REPORT

Annual Environmental Report Content

- Reporting Period.
- Waste activities carried out at the facility.
- Quantity and Composition of waste received, recovered and disposed of during the reporting period and each previous year (relevant EWC codes to be used).
- Summary of results and interpretations of environmental monitoring, including a location plan of all monitoring locations.
- Resource and energy consumption summary.
- Development / Infrastructural works in place and planned, to process waste quantities projected for the following year (including plant operating capacity, provision of adequate standby capacity and provision of contingency, backup and spares in the case of breakdown).
- Schedule of Environmental Objectives and Targets for the forthcoming year.
- Report on the progress towards achievement of the Environmental Objectives and Targets contained in previous year's report.
- Full title and a written summary of any procedures developed by the Permit Holder in the year, which relates to the facility operation.
- Tank, drum, pipeline and bund testing and inspection report (every 2 yrs).
- Maintenance report on the operation of the surface water interceptor
- Maintenance report on the operation of the wastewater treatment plant.
- Reported Incidents and Complaints summaries.
- Review of Nuisance Controls.
- Reports on management and staffing structure of the facility, and a programme for public information.
- Any other items specified by Wexford County Council.

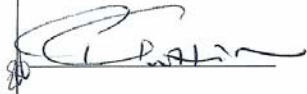

Note 1 Content to be revised subject to the agreement of Wexford County Council after cessation of waste acceptance at the facility.

SCHEDULE H - CONTENT OF THE MONTHLY ENVIRONMENTAL REPORT

Monthly Environmental Report Content

- Reporting Period.
- Waste activities carried out at the facility.
- Quantity and Composition of waste received, recovered and disposed of during the reporting period and each previous year (relevant EWC codes to be used).
- Reported Incidents and Complaints summaries.
- Any other items specified by Wexford County Council.

You may make representations regarding the terms of this Permit, in writing, to Wexford County Council within 14 days of the granting of this Waste Permit

County Secretary

31 December 2014

Date

*For inspection purposes only.
Consent of copyright owner required for any other use.*

Conditions In Particular

CONDITION	NUMBER	COMPLIANCE DATE
NO: 1	1.1	24 & 6 MONTHS
	1.5	N/A
NO: 2	2.1.2	12 MONTH
	2.2	Prior to the commencement of waste acceptance
	2.3	Prior to the commencement of waste acceptance
	2.4	3 Months
NO: 3	3.1	Prior to the commencement of waste acceptance
NO: 4	4.2	Prior to the commencement of waste acceptance
NO: 5	5.1	3 months prior to expiration of permit.
NO 7	7.4.2	Prior to the commencement of waste acceptance
	7.5.1	Prior to the commencement of waste acceptance
No 8	8.1	2 Months
No 11	11.2	As this arises, not later than 10.00am following working day
	11.4	Annually by February 27 th
	11.5	Monthly, not later than 10 working days after the end of the month
	11.6	Seven Days
No 12	12.1	Annually, by January 31 st .
	12.2	Prior to the commencement of waste acceptance

- The Permit Holder shall read the enclosed Waste Permit as Other Conditions may also apply.
- Please be advised that Only Holders of Valid Collection Permits shall enter the above site (Condition 1.6 – Scope of the Permit) Non-compliance with this Regulation shall be interpreted as a breach of Section 34 of the Waste

Management Act, 1996-2003 & the Waste Management (Permit) Regulations, 1998.

The above to be submitted to the Environment Section of Wexford County Council as indicated on the table above following the granting of the aforementioned Waste Permit

Should you require any additional information please contact the Environment Section of Wexford County Council, ext 053-76490.

Yours truly,

Niall Kane,
Executive Engineer.
