Re: Waste Licence Application Anaerobic Digestion Facility Valeco Ltd

Dear Paddy,

We are pleased to submit the Waste Licence Application on behalf of Valeco Ltd for our proposed facility at Ballard, Araglin, Kilworth, Co Cork.

Please find enclosed:

- 3 Copies of the Waste Licence Application (1 signed original & 2 copies, 3 in electronic format)
- 3 Copies of the Environmental Impact Statement (1 original & 2 copies)
- 16 copies of Environmental Impact Statement (electronic format)
- Application Fee

The content of all electronic files accompanying this application are true copies of the Waste licence application and EIS respectively.

Given the developmental nature of the project, the application has been prepared following consultation with officers of the Agency. It is our intention to provide updated engineering details of the facility after completing the competitive tender process discussed with the Agency.

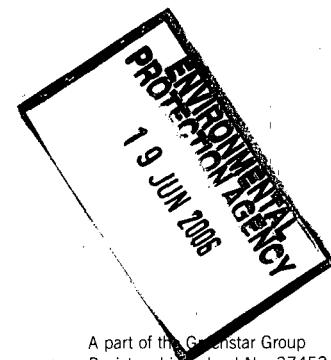

We have made every effort to make the application as complete as possible but remain willing to respond to any queries the Agency may have.

Yours sincerely,

Martin Hogan

On behalf of **Valeco Ltd**
