Re: W0226-01, Notice in accordance with Article 14(2)(b)(ii) of the Waste Management (Licensing) Regulations

Dear Sir/Madam

Further to your letter of 19th June 2006 to Monopower Ltd, seeking additional information for their Waste Licence Application No. W0226-01, we wish to respond as follows;

Because of the detailed nature of additional information required, this is currently being compiled by the company and their legal department, by QED and by the site designers AET. However, due to holidays predominantly, all specific details are not available for submission within the two months specified in your letter. However the company now commits to have all required details sought in your letter of 19th June to the EPA by 19th September.

I hope this is to your satisfaction.

Yours sincerely

Patricia Murtagh
