Our Ref: MOC/epa/Crag/06

Dear Stuart,

I refer to recent Agency correspondence of September 25th regarding the above referenced application for a waste licence relating to the Greyhound Recycling & Recovery facility at Crag Avenue, Clondalkin, Co. Dublin.

In accordance with Article 14(2)(b)(ii) of the Waste Management (Licensing) Regulations 2000-2002 the Agency has requested the applicant update the non-technical summary of the Environmental Impact Statement to include the environmental aspects associated with the proposed bio-diesel production facility.

An original and two copies of the revised non-technical summary is attached. Sixteen copies of information is enclosed on CD-ROM. The revision of the EIS non-technical summary did not require the revision of drawings already submitted.

I trust this is to the satisfaction of the Agency.

Yours sincerely

Michael O Callaghan
Group Environmental Manager
