Re: Licence Application WO234-01-Waterford City Council Composting Plant

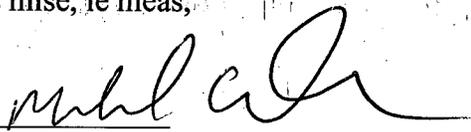

A Chara,

I refer to your letter of 12th February, 2007, received here on 28th February, 2007. I wish to acknowledge your agreement to allow the 4 week period specified therein to run from the date of receipt of the letter by Waterford City Council.

We have since discussed with our Consultants the nature and complexity of the information sought by you in your request under Article 14 (2) (b) (ii) of the Regulations, and consider that, as the information required to respond will be compiled partly by Waterford City Council, partly by our consultants and the operator of the plant, we need additional time to provided a full and comprehensive response.

Accordingly we seek your consent to the extension of the period for compliance with your request until 17th April, 2007.

Is mise, le meas,

Michael Walsh,
Director of Services,
Planning, Culture & H.R.
