Re: Waste Licence Application for Valeco Ltd W0230-01

Dear Kevin,

On the 22nd of March 2007, An Bord Pleanála issued a decision to refuse planning permission for Valeco's proposed Anaerobic Digestion Facility at Kilworth, Ballard Co Cork. As a result, Bioverda are currently reviewing their proposal and wish to defer any further progression of the waste licence application until such time as this review can be completed. It is proposed that a decision will be made within 6-8 weeks. Bioverda intend to discuss the proposal with the Agency prior to making a decision and will be in touch shortly to discuss how best to next proceed.

Yours Sincerely

White Young Green

David McDermott
Senior Environmental Scientist
