Dear Mr. Corcoran

I refer to your correspondence received by the Agency on 25/06/2007 requesting a technical amendment to your waste licence to permit the storage of waste vegetable oil at your facility, Soltec (Ireland) Limited, Zone A, Mullingar Business Park, Mullingar, Co. Westmeath, EPA Waste Licence No. W0115-01.

As you are aware the storage of waste oils is not provided for in your waste licence and therefore the Agency cannot agree to the storage of this waste type at your facility at the present time. However your request is being forwarded to the Office of Licencing and Guidance for consideration as a technical amendment to your licence.

In order to ensure that a full assessment of your application can be carried out please ensure that following information is forwarded to the Office of Licencing and Guidance, Johnstown Castle Estate, Wexford:

- Details of the requested change(s)
- Reasons for the change(s) requested
- Details of any increase or changes in emissions resulting from the change(s)
- An assessment of the likely impacts of any increase/changes in emissions
- Details of the sufficiency of storage capacity on-site
- Segregation arrangements (including map)
- Details of maximum annual tonnage of waste vegetable oil to be accepted at the site in relation to current waste acceptance tonnages and the licence limit.

Please quote the above reference in future correspondence in relation to this matter.

Yours sincerely

Mr. Alan Stephens  
Inspector  
Office of Environmental Enforcement
