

## Throughput Diagram Dublin City Council - MRF for Ballymount Industrial Estate

**27.5 tonnes per hour arriving at MRF**

These anticipated throughputs are based on the Material Composition Information in Appendix 4 of the tender document.

The numbers shown relate to the anticipated throughput in tonnes per hour.

1. All Dimensions are in millimeters (mm) unless noted otherwise.
  2. All levels are in meters and relate to the Ordnance Survey Datum Mean Sea Level.
  3. The location of existing services is based on information provided by the service provider. The contractor is responsible for checking all service providers prior to commencing work in any area to locate the precise location of services.
