Ms. Sharon McMahon,
Project Manager,
Ballymount MRF Project,
Dublin City Council,
Block 1, Floor 3,
Civic Offices,
Dublin 8.

27th August 2007.

Ref: Application by Dublin City Council to the Environmental Protection Agency for a Waste Licence for Materials Recycling Facility at Ballymount Industrial Estate.

Dear Ms. Mc Mahon,

Oxygen Environmental Ltd confirms that the above site (owned by Dublin City Council on behalf of the four Dublin Local authorities) is currently licensed by the Environmental Protection Agency as part of the facility licensed as W0208-01, in the name of Oxygen Environmental Ltd.

Oxygen confirms that it will seek a technical amendment to reduce the boundary of the licensed area covered by W0208-01 to include lands owned by Oxygen only and to reduce the tonnage allowed from 350,000 tonnes per annum to 250,000 tonnes per annum. This will allow DCC to apply for a waste acceptance tonnage of 100,000 tonnes per annum.

Oxygen also confirms that this technical amendment will be sought to run in tandem with the issuing of a license to DCC by the Agency.

Yours sincerely,

Jim Dowdall
