Re: License Register W0144-01

Dear Mr. Howley,

I wish to apply for a technical amendment to Condition 1 of the above license issued to Sean Rooney Ltd trading as Bambi Bins and Wheelbin Services Ltd.

Currently condition 1.7.4 reads 'Waste shall not be accepted at the facility on Sundays or on Bank Holidays and we are requesting that this be amended to read 'Waste shall not be accepted at the facility on Sundays or Bank Holidays unless agreed in advance by the Agency'

The reason for this request is to ensure that we can provide a collection service to our domestic customers in a week where the Bank Holiday falls on a Saturday and the following Monday is the Public Holiday.

This has only been highlighted this year when St Patricks day was on a Saturday. As most bank holidays are on Mondays we operate our collection on the previous Saturday. Likewise when the Bank Holiday is any other day of the week except Saturday this can be collected on the following Saturday. Similarly on one or two previous occasions the Landfill was open and we were able to deliver waste directly to that facility. As every second week is now a recycling collection this option is reduced.

If we are unable to collect in any given week we would normally collect on the double the following week but this entails extra material through the facility and it is usually more odorous having been in the bin for up to two weeks.

If this technical amendment is agreed we propose to collect as usual and bulk up the material at the facility. The material will then be stored in closed ejector trailers, indoors, until it can be removed to the landfill at the first available opportunity.
