LICENCE**

Decision and Reasons for Decision

Decision & Reasons for the Decision

On the basis of the information before it, the Environmental Protection Agency (the Agency) pursuant to its powers under Section 46(8) of the Waste Management Acts 1996 to 2005 hereby refuses to grant a revised licence to South East Recycling Company Limited to carry on the expanded waste activities, the scale and details of which are set out in the waste licence review application Register Number W0111-03, at Carrigbawn, Pembrokestown, County Wexford.

In reaching this decision the Environmental Protection Agency has considered the application, supporting documentation and objection received from the applicant, all submissions received from other parties and the reports of its inspectors.

2. The Agency is not satisfied, based on the current infrastructure at the facility and non compliance with requirements of the existing licence to provide the necessary infrastructure to carry on the waste activities, that the best available technologies as described in Section 40(4)(c) of the Waste Management Acts, 1996-2005 will be used in the expanded waste activities.
3. The Agency is not satisfied that the applicant will manage an increased waste input and ensure that the necessary protective measures are taken so that operations at the facility will not cause or lead to environmental pollution.
