**Re: Article 14 Requirements for Waste Licence Application
W0237-01 for Ormonde Organics Ltd**

Dear Grainne,

Further to a request for information dated 1st October 2007, in relation to Article 12 & 13 compliance requirements for the above referenced application we are writing to you to seek an extension to the time period allowed for our response.

Although the majority of the information is now in hand, we are presently finalising specific details relating to the process addressed in items 2 & 3 of the request and we anticipate that this will be completed shortly. We would therefore respectfully request an extension of three weeks. We anticipate no further delay and would appreciate if you could look favourably on this request.

If you wish to discuss this matter further please give myself or Seamus Phelan a call to discuss.

Yours sincerely,

David McDermott
Principal Environmental Scientist
