Dear Sirs,

We refer to the above matter and to our objection dated the 15<sup>th</sup> October last.

We are instructed that since lodging that objection An Bord Pleanala has issued a grant of planning permission to Indaver Ireland to extend the proposed waste incinerator facility at Duleek Co. Meath. This decision will have serious implications in respect of the need for landfill capacity in Fingal and accordingly our clients are considering these implications and require time to make submissions to the EPA having regard to this permission.

Please revert and confirm that additional time will be afforded to our clients to consider the decision of An Bord Pleanala and make appropriate submissions.

We await hearing from you.

Yours sincerely,

*O'Connell & Clarke*
