Re: Confirmation of quantity of waste applied for in the waste licence application for Tonge Industries Ltd

Dear Sir or Madam,

In response to letters from Emer Cooney, EPA Inspector (dated 21 November 2007) regarding the failure of the site notice at Tonge Industries Limited (W0239-01) to comply with Article 7 of the Waste Management (Licensing) Regulations and the failure of the newspaper notice to comply with Article 6 of the Waste Management (Licensing) Regulations, I can confirm that the correct quantities of wastes applied for are:

Quantity of metals: 625 tonnes/annum

Quantity of oil: 600,000 litres/annum

If you have any questions relating to this matter please contact Jonathan Dowling, Environmental Efficiency Consultants on 01 2761428.

Yours sincerely,

Simon Tonge
