**Re: Confirmation of quantity of waste applied for in the waste licence application for Tonge Industries Ltd**

Dear Sir or Madam,

In response to letters from Emer Cooney, EPA Inspector (dated 21 November 2007) regarding the failure of the site notice at Tonge Industries Limited (W0239-01) to comply with Article 7 of the Waste Management (Licensing) Regulations and the failure of the newspaper notice to comply with Article 6 of the Waste Management (Licensing) Regulations, I can confirm that the correct quantities of wastes applied for are:

Quantity of metals: 625 tonnes/annum  
Quantity of oil: 600,000 litres/annum

If you have any questions relating to this matter please contact Jonathan Dowling, Environmental Efficiency Consultants on 01 2761428.

Yours sincerely,

  
Simon Tonge
