Re: Application for Discharge Licence

Dear Sir/Madam,

Enclosed is the application for waste water discharge licence from Dublin City Council, acting as lead authority, for the agglomeration draining to Ringsend Treatment Plant.

This agglomeration includes all of Dublin City Council, parts of Fingal Co Co, Dun Laoghaire-Rathdown Co Co, South Dublin Co Co and Meath Co Co.

The application is presented as follows:

Sections A –G are in individually labelled lever arch folders while Sections H and I are combined in a single folder.

Each folder contains all the relevant information on that particular section from each of the five authorities. The folders are divided in to sections identified as follows:

- L: Lead Authority, Dublin City Council
- S: South Dublin Co Co
- F: Fingal Co Co
- D: Dun-Laoghaire Rathdown Co Co
- M: Meath Co Co

The accompanying CDs contain a digital version of all the information submitted in hard copy and again are identified individually by their local authority's name.

Also enclosed are validation details of the Electronic Fund Transfer of the €30,000 application fee which was carried out by Dublin City Council on Thursday 13th December.

Should you require any further information, please contact Gerry Doherty, Senior Executive Engineer, Drainage Division, telephone number, 01-2222930.

Yours truly,

M. Ryan
Divisional Engineer
