Hi Noleen

Thanks for that. Can the letter come from AMC or does it have to come from the applicant?

Also, I have checked the conflicting site addresses. The postal address is Units 16-17, but the location is Units 14-17. Is it ok for me to just state this fact in the letter of response to you or do you need a new copy of the full application form?

Thanks for your help.

Kind regards

Heath

As part of the application that was submitted for the above, Wallace Recycling was named as the correspondence contact for this application, and this section states that "only application documentation submitted by the applicant and by the nominated person will be deemed to have come from the applicant".

Should AMC wish to be nominated as the Name and Address for Correspondence for this application, I would appreciate if you could submit a letter to confirm same.
