Dear Noeleen

Re: Response to Notice in accordance with Article 8 of the Waste Management (Licensing) Regulations

Licence Register No:	WO197-02
Licensee:	Wallace Recycling Ltd
Location of Facility:	14-17 Mullingar Business Park, Mullingar, Co Westmeath

Further to your letter of 12 June 08, in accordance with Article 8 of the regulations we confirm that the following have been carried out:

1. An amended newspaper notice was published in the Westmeath Topic on 25th June 2008.
2. An amended site notice has been displayed at the entrance to the facility, to replace the original notice.
3. The amended site notice will be maintained at the facility for a period of 2 months from the date of these amendments being made.
4. An amended notice was sent to the Planning Authority on 20th June 2008.
5. The above amendments were all carried out within 2 weeks of the date of the notice.

The following are enclosed in relation to the above:

1. An original of the newspaper and two copies of the relevant page of the newspaper in which the amended notice was published.
2. An original and two copies of a letter stating the date on which the amended site notice was fixed and a drawing showing it's location on site.
3. An original and two copies of the text of the amended notice erected or fixed in accordance with Article 7.
4. An original and two copies of the amended written notice to the relevant planning authority in accordance with article 9.

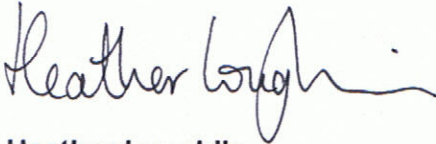

Also enclosed are two copies of the requested information in electronic searchable PDF format on a CD-ROM.

In response to item 3 in the 2nd paragraph of your letter, we confirm that the correct address for the site is Units 16-17 Mullingar Business Park, Mullingar, Co. Westmeath.

The location of the site is Units 14-17 Mullingar Business Park, Mullingar, Co. Westmeath.

Also enclosed is a letter from Wallace Recycling to confirm that AMC Environmental Ltd are their appointed consultants and have been authorised to respond to you on their behalf.

Yours sincerely

A handwritten signature in black ink, appearing to read "Heather Loughlin". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Public Notice

CONSERVATION OF WATER

Offaly County Council seeks the ongoing support of the public in reducing any unnecessary usage of water in order to ensure an adequate supply for all.

Every day, there are many simple, practical things we can do to conserve water, by modifying our water-usage behaviour.

In particular the public are requested to :

- (1) Avoid watering of lawns or gardens by hosepipe
- (2) Avoid private car washing
- (3) Repair or replace leaking taps and ballcocks
- (4) Recycle water so far as is practicable
- (5) Check all drinking troughs and repair as necessary
- (6) Repair leaking services or supplies

All consumers are requested to conserve water as far as possible in their use in the home or business.

For further information on water conservation please visit www.offaly.ie

Offaly County Council thanks the public in anticipation of their co-operation.

Michael Roche,
*Director of Services,
Environment and Water Services.*

Invitation for expression of interest for wildlife enhancement works on Farmland in Co. Westmeath for the National Parks and Wildlife Service (NPWS), of Department of the Environment, Heritage and Local Government.

NPWS in liaison with several Farmers in Co. Westmeath intends to carry out works to increase biodiversity. The aim of the work is to bring this farmland to a condition that Grey Partridge can be reintroduced by establishing wildlife crops. This will require

- Liaising and working with landowners, agricultural contractors, and NPWS staff.
- Land use, habitat and hedgerow mapping

APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR THE REVIEW OF A WASTE LICENCE

In accordance with the Waste Management Acts 1996 - 2007 and Articles 5 and 6 of the Waste Management (Licensing) Regulations 2004 (SI No. 395 of 2004), Wallace Recycling Ltd, Unit 16/17 Mullingar Business Park, Mullingar, Co Westmeath, will apply to the Agency for a review of their Waste Licence. The licence application relates to the operation of a waste transfer and recycling facility located at Units 14-17 Mullingar Business Park, Mullingar, Co Westmeath (National Grid Reference: 242476E, 252227N).

Wallace Recycling Ltd are applying to increase the tonnage of waste accepted at the facility from 50,000 to 100,000 tonnes per annum of household, commercial and construction & demolition waste, of which a maximum of 2,000 tonnes per annum will be hazardous. The application includes proposals for construction of a dedicated shed for depollution of end-of-life vehicles, also to continue with the recovery and inherent disposal of household, commercial and construction & demolition as regulated by the EPA under Waste Licence W0197-01. The principal class of activity to which the licence review application relates is:

Class 13 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Storage of waste intended for submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where such waste is produced.

Other activities carried out on site or proposed to be carried out on this site include:

Class 2 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Recycling or reclamation of organic substances which are not used as solvents (including composting and other biological processes)

Class 3 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Recycling or reclamation of metals and metal compounds

Class 4 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Recycling or reclamation of other inorganic materials

Class 11 of the Third Schedule (Waste Recovery Activities) of the Waste Management Acts 1995-2007: Blending or mixture prior to submission to any activity referred to in a preceding paragraph of this Schedule

20th June 2008

Dear Mr Brennan

Re: Written notice of application to the Environmental Protection Agency for the review of a Waste Licence

In accordance with Article 9 of the Waste Management (Licensing) Regulations 2004, we are writing to inform you of an application for the review of a Waste Licence by Wallace Recycling, the details of which are below. Please note that this notice has been revised since our previous correspondence. The revisions are highlighted.

In accordance with the Waste Management Acts 1996 – 2007 and Articles 5 and 6 of the Waste Management (Licensing) Regulations 1997 (SI No. 395 of 2004), Wallace Recycling Ltd, Unit 16/17 Mullingar Business Park, Mullingar, Co Westmeath, will apply to the Agency for a review of their Waste Licence. The licence application relates to the operation of a waste transfer and recycling facility located at **Units 14-17** Mullingar Business Park, Mullingar, Co Westmeath (National Grid Reference: 242476E, 252227N).

Wallace Recycling Ltd are applying to increase the tonnage of waste accepted at the facility from 50,000 to 100,000 tonnes per annum of household, commercial and construction & demolition waste, of which a maximum of 2,000 tonnes per annum will be hazardous. The application includes proposals for construction of a dedicated shed for depollution of end-of-life vehicles (ELV's), also to continue with the recovery and inherent disposal of household, commercial and construction & demolition as regulated by the EPA under Waste Licence W0197-01.

The principle class of activity to which the licence review application relates is:

Class 13 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Storage of waste intended for submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where such waste is produced.

Other activities carried out on site or proposed to be carried out on this site include:

Class 2 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Recycling or reclamation of organic substances which are not used as solvents (including composting and other biological processes)

Class 3 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Recycling or reclamation of metals and metal compounds

Class 4 of the Fourth Schedule (Waste Recovery Activities) of the Waste Management Acts 1996-2007: Recycling or reclamation of other inorganic materials

Class 11 of the Third Schedule (Waste Recovery Activities) of the Waste Management Acts 1995-2007: Blending or mixture prior to submission to any activity referred to in a preceding paragraph of this Schedule

Class 13 of the Third Schedule (Waste Disposal Activities) of the Waste Management Acts 1996-2007: Storage prior to submission to any activity referred to in a preceding paragraph of this Schedule, other than temporary storage, pending collection, on the premises where the waste concerned is produced.

A copy of the review application and further information relating to the application as may be furnished to the Agency in the course of the Agency's consideration of the review application, will, as soon as is practicable after receipt by the Agency, be available for inspection or purchase, at the headquarters of the Agency at Johnstown Castle Estate, Wexford.

Yours sincerely

Heather Loughlin

Associate Principal Consultant

SITE NOTICE

APPLICATION TO THE ENVIRONMENTAL PROTECTION AGENCY FOR THE REVIEW OF A WASTE LICENCE
