re: Waste Licence Transfer Application in respect of Murphy Concrete Manufacturing Limited, at Hollywood Great, Nags Head, the Naul, Co. Dublin, Reg. No. W0129-02.

Dear Ms O'Donnell,

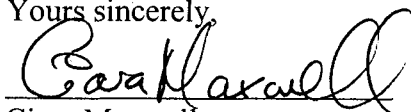

I am to refer to the waste licence transfer application documentation received by the Agency on 31/07/2008 which you requested to be held as confidential.

Having examined the documentation concerned, the Agency has decided that only a limited portion of the supporting information may be considered confidential. The bulk of the application documentation, (i.e., application form, details of directors, certificate of incorporation, information to demonstrate that the transferee is a fit and proper person and a statement that the transferee is willing to assume and accept all liabilities, responsibilities and obligations provided for, in or arising under the licence, etc.), is necessary for processing the application and should be submitted in a non-confidential format.

The transfer application documentation received is returned herewith. You are requested to re-submit all non-confidential information in the form of an original and two copies. Information which you consider confidential shall be submitted under separate cover and clearly marked "confidential".

On receipt of the above copies the Agency will put the information deemed to be non-confidential on our public file, available for public viewing on the Agency's website at www.epa.ie, and hold the documents labelled as "confidential" in our confidential safe.

Yours sincerely,

Ciara Maxwell
