Subject: Greenstar Enniscorthy:W0241-01

Yvonne,

The estimated weekly and daily flows to the sewer are as follows:

Wheel wash 2.3m³/week: 0.46m³/day, assuming it is used 5 working daysFloor washdown 1.58m³ per week, assume it is only washed down once per week.

As discussed, these are estimates based on the assumptions given above.

I am away from the office next week, but if you need any further information please contact Michael Watson, his e-mail address is michael@ocallaghanmoran.com

Regards,

Jim O'Callaghan
