Re: Technical Amendment Request W0217-01 – Killarney Waste Disposal Limited

Dear Mr. Murphy,

I acknowledge receipt of your letter dated 8th July 2008 in relation to Waste Licence Reg. No. W0217-01 and your request for a Technical Amendment in order to:

1. Increase the intake of dry recyclable waste, and
2. Amend the wording of condition 3.7.

I have assessed your request for a technical amendment of your licence and all supporting documentation. These requests cannot be accommodated by way of a technical amendment.

I am to advise you that the Agency rejects your request for a technical amendment, on the basis that the proposed changes are significant and beyond the terms of a technical amendment. The proposed change to the increase in waste tonnages would more appropriately be assessed as part of a licence review. Should you wish to commence the licence review process please contact the Environmental Licensing Programme for further guidance.

Yours sincerely,

Dr. Jonathan Derham
