Hi Valerie

thanks for the information, I didn't get a chance yesterday evening to respond to your e-mail. I am finalising Blarney and realised I need two maps to be revised in light of the new information. Can you resubmit Drawing No. B4-01-Blarney; secondary discharge points to make it clear that SW04 is a secondary discharge and the other points are emergency overflows. Drawing No. B5-01-Blarney needs to be revised to identify only the two SWO's discussed. Thanking you in advance and as always these things come down to the wire.

Regards
Ann Marie
