Re: Molaisín Compost Waste application

I wish to express my concerns regarding the above referenced waste application, From March 2005 a foul smell is evident from this site almost on a weekly basis, I contacted Waterford County Council in February 2006 (who issued a three year waste permit to facility) and have been keeping a daily log of Odour events since that date, Waterford county council in my opinion were slow to act on complaints, so in December 2007 I contacted the EPA, completing a Complaint form C3
The most recent odour issue, occurred on 04th November and was forwarded to the EPA

Regards.
