Hi Yvonne,

Yes, they will be going ahead with it.

In relation to item 1 of your requests for further information, ie:

- |  |
|--|
| <p>1. Provide information in writing from the relevant planning authority that an Environmental Impact Statement is not required to be prepared to facilitate the requested increase in annual waste acceptance to 100,000 tonnes per annum.</p> |
|--|

I hope to be able to provide you with this letter shortly. At this time I will also forward the remaining information that you requested clarification on.

Regards

24/11/2008

Heather

Hi Heather,

Am I to understand that Wallace recycling are going ahead with the licence review?

Regards  
Yvonne

Hi Yvonne

Further to our conversation, I have just spoken to Andrew Moag. A meeting was held with the Senior Planner in Westmeath County Council, who agreed that a full EIS for the Licence Review would be excessive. They have agreed to write to us confirming this. The site will however require planning permission and therefore an application will have to be made. I will be speaking to the applicant this week to agree a timescale for doing this.

Best regards  
Heather
