Re: D0166-01 - Skibbereen Waste Water Discharge Licence Application – Attachment G1 Additional Information

In reference to the above, further information has become available since this application for the Skibbereen Licence was made regarding a “timeframe for the completion of the necessary works to take place”. Specifically I refer to the proposed Waster Water Treatment Plant to be constructed as part of the Skibbereen Sewerage Scheme. The likely timeframe for this to take place is as follows:

1. **Receipt of Tenders – March 2009**
2. **Start construction – January 2010**
3. **Completion of Works – June 2011**

I trust that this clarifies the position regarding this matter.

Yours truly,

Declan Groarke
Senior Executive Engineer
