Re: SES (Enva) Licence Reg. W0031-01 and discharges to sewer.

A Chara,

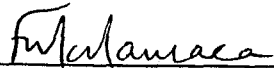

I refer to your letter dated 17th October 2008.

The mg/l ELV's can be agreed up until December, 2010 as detailed in letter dated 29th January, 2008. At that stage and depending on the requirements of the Wastewater Discharge Licence, which will be issued by the EPA, the ELV's can then be reviewed.

There is one query with the attached ELV list. Some of the parameters have two kg/day figures, one in brackets. Can you explain the significance of these figures.

If you have any further queries, please contact Cathal Brodie at 065 6846331.

Mise le meas,

Frances McNamara,
Staff Officer,
Environment & Emergency Services Directorate.
