31st January 2007

License Number: W0041-01

Dear Ms. Berney,

I wish to request a Technical Amendment to Condition 2.8.1 of our license W0041-01. This condition currently requires us to submit our Annual Environmental Report (AER) by 31st January each year. We request that this be altered by means of a Technical Amendment to 31st March each year in line with the norm for all other IPPC and Waste licensees.

Given the level of detail required in the AER a period of one month from end of the year being reported on presents a considerable challenge. It is our position that the current formulation of the condition imposes a deadline on our organisation which is disproportionate in relation to that imposed on our competitors and other licencees who have a deadline of 31st March.

I trust the above is acceptable to the Agency. If you have any further queries in relation to this matter please do not hesitate to contact me.

Yours sincerely,

David Burke
