DECISION: GRANTED subject to CONDITIONS as listed **hereinafter.**

DATE OF DECISION: 17 February 2005

CONDITIONS AND REASONS THEREFOR

1. The proposed development shall be carried out strictly in accordance with the plans and particulars lodged with the planning application, except as otherwise required by the conditions of this permission.

REASON:

To ensure the proposed development strictly accords with the permission and that effective control is maintained.

2. The developer shall pay to Wexford County Council, a contribution in respect of works, consisting of the provision or improvements to the public roads serving the area and which have facilitated or will facilitate the proposed development. The contribution shall be payable at the time of commencement of development and the amount shall be € 11,410.

REASON:

In accordance with the Development Contribution Scheme as provided for under Section 48 of the Planning and Development Act 2000.

3. The developer shall pay to Wexford County Council a contribution in respect of works consisting of the provision or improvement to community facilities and which have facilitated or will facilitate the proposed development. The contribution shall be payable at the time of commencement of development and the amount shall be €2,852.50.

REASON:

In accordance with the Development Contribution Scheme as provided for under Section 48 of the Planning and Development Act 2000.

4. The water supply to serve the proposed dwelling shall be adequate and suitable for human consumption. The proposed borehole shall be provided in accordance with the plans and particulars date stamped 15th December 2004.

REASON:

In the interests of public health.

5. The proposed diluent treatment system shall be installed and maintained in accordance with the manufacturers specifications.

REASON:

In the interest of public health.

6. The raised constructed percolation area shall be designed and constructed in accordance with manufacturers specifications.

REASON:

In the interests of public health.

7. Prior to the occupation of the development, the developer shall submit to the Planning Authority satisfactory evidence of a regular on-going maintenance agreement with a competent contractor for the upkeep of the proposed sewage treatment plant.

REASON:

Consent of Copyright owner required for any other use.
For inspection purposes only.

In the interests of public health.

8. The sewage treatment works for the proposed development shall be completed and ready for operation before the development is occupied.

REASON:

In the interests of public health.

9. The Dust Emission or Total Particulate Release to the airborne environment shall not exceed 130mg/M² per day, averaged over a 30 day measurement period.

REASON:

To minimise the generation of dust by the proposed development in the interests of the orderly development of the area.

10. The noise level from this development shall not exceed 55dB(1),lcq(A) when measured at the boundaries of the site, between the hours of 0800 and 2000, Monday to Friday. The noise level shall not exceed 45dB(1),lcq(A) at any other time.

REASON:

In the interests of the amenities of adjoining property.

11. The construction/installation of the percolation area/soil polishing filter shall be supervised by a suitably qualified competent person. This person shall certify that the percolation is in compliance with the condition(s) of the planning permission.

REASON:

In the interests of public health.

12. Foul sewage only shall be discharged to the proposed foul sewage treatment plant. No foul effluent shall be discharged to any drain, stream, watercourse or wetland area. Prior to commissioning of the plant all foul sewers and foul sewer manholes shall be tested for ingress of groundwater and any defects remedied prior to operation of the plant.

REASON:

In the interests of public health and the proper planning and development of the area.

13. Prior to the first use of the development a scheme shall be submitted to the Planning Authority for written agreement to provide for adequate measure to prevent pest nuisance occurring. The proposed pest management scheme shall be implemented in accordance with the agreed scheme.

REASON:

In the interests of public health.

14. No development shall take place without the prior written agreement of the Planning Authority of a scheme for landscaping, including hard landscaping, of the site; the landscaping scheme shall be carried out within 12 months from that date when any building hereby permitted is occupied or carried out as the case may be; any trees or shrubs planted in accordance with this condition which are removed, die, become severely damaged or diseased within two years of planting shall be replaced by trees or shrubs of similar size and species to those originally required to be planted.

REASON:

As provided in Section 34(4He) of the Planning and Development Act 2000 and in the interests of visual amenity.

15. No work or any other activity shall take place on the site outside of the following hours, Monday to Friday 8.00 am to 8.00 pm.

REASON:

In the interests of residential amenity.

16. All lighting, including security lighting shall be positioned to prevent glare and light pollution on the residential properties in the area.

REASON:

In the interests of residential amenity.

17. 1. All surface water generated within the site boundaries shall be collected and disposed of within the curtilage of the site. No surface water from roofs, paved areas or otherwise shall discharge onto the public road or adjoining properties.

ii. The accessway shall be piped with suitably sized pipes or ducts to ensure that no interference will be caused to existing roadside drainage.

iii. The carriage of the public road shall not be raised, lowered, or otherwise altered where the accessway meets it.

iv. The gradient of the access drive shall not exceed 3% for the first 7 metres (23ft) adjacent to the carriageway of the public road.

REASON:

In the interests of traffic safety.

18. A level or ramped access shall be provided at the main office entrance to provide equal access for disabled people.

REASON:

To ensure equal access for all.

19. Details of materials, colours and textures of all external finishes to the proposed development shall be submitted to and agreed with the Planning Authority before the commencement of development or, in default of agreement, shall be determined by An Bord Pleanála.

REASON:

In the interests of orderly development and the visual amenities of the area.

20. All public services for the development including electrical, communal television and telephone cables, shall be located underground throughout the site.

REASON:

In the interests of visual amenity.

Planning Application Form

BEFORE FILLING OUT THIS FORM PLEASE NOTE THE FOLLOWING:

Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application. Therefore please ensure that each section of this application form is fully completed and signed, entering n/a (not applicable) where appropriate, and that all necessary documentation is attached to your application form.

ADDITIONAL INFORMATION

It should be noted that each planning authority has its own development plan, which sets out local development policies and objectives for its own area. The authority may therefore need supplementary information (i.e. other than that required in this form) in order to determine whether the application conforms with the development plan and may request this on a supplementary application form.

Failure to supply the supplementary information will not result in a refusal of permission. Therefore applicants should consider the application but may delay the decision-making process or lead to a refusal of permission. Therefore applicants should consider the application to the development proposed and whether additional information is required to determine what local policies and objectives would apply.

7. Part V of the Planning and Development Act 2000 applies where -
 - the land is zoned for residential use or for a mixture of residential and other uses;
 - there is an objective in the Development Plan for the area for a percentage of the land to be made available for social and/or affordable housing; and

~~where the proposed development is not exempt from~~

8. Under section 97 of the Planning and Development Act 2000, applications involving development of 4 or fewer houses or development on land of less than 0.1 hectare may be exempt from Part V.
9. Under section 96(13) of the Planning and Development Act 2000, Part V does not apply to certain housing developments by approved voluntary housing bodies, certain conversions, the carrying out of works to an existing house or the development of houses under an agreement made under section 96 of the Act
10. The Record of Monuments and Places, under section 12 of the National Monuments Amendment Act 1994, is available, for each county, in the local authorities and public libraries in that county. Please note also that if the proposed development affects or is close to a national monument which, under the National Monuments Acts 1930 to 2004, is in the ownership or guardianship of the Minister for the Environment, Heritage and Local Government or a local authority or is the subject of a preservation order or a temporary preservation order, a separate statutory consent is required, under the National Monuments Acts, from the Minister for the Environment, Heritage and Local Government. For information on whether national

monuments are in the ownership or guardianship of the Minister for the Environment, Heritage and Local

Government or a local authority or are the subject of preservation orders, contact the National Monuments Section, Department of the Environment, Heritage and Local Government (1690 20 20 21).

11. An Environmental Impact Statement (EIS) is required for classes of development prescribed by Article 93 and Schedule 5 of the Planning and Development Regulations 2001-2006. In accordance with Article 103 of the Planning and Development Regulations 2001, an EIS may also be required for developments below the prescribed threshold if the planning authority considers that the development is likely to have significant effects on the environment or, where the development would be located on or in an area, site, etc. set out in Article 103(2), it considers that the development would be likely to have significant effects on the environment of that area, site, etc.
12. Demolition of a habitable house requires planning permission.
13. The appeal must be determined or withdrawn before another similar application can be made.

A formal pre-application consultation may only occur under Section 247 of the Planning and Development Act 2000. While it is not mandatory, a pre-planning consultation is recommended. The applicant should

in order to ensure that a Part V agreement in principle can be reached in advance of the planning application being submitted.

15. The list of approved newspapers, for the purpose of giving notice of intention to make a planning application, is available from the planning authority to which the application will be submitted. (See check list)
16. All plans, drawings and maps submitted to the planning authority should be in accordance with the requirements of the Planning and Development Regulations 2001-2006.
17. The location of the site notice(s) should be shown on site location map.
18. See Schedule 9 of Planning and Development Regulations 2001. If a reduced fee is tendered, details of previous relevant payments and planning permissions should be given. If exemption from payment of fees is being claimed under Article 157 of the 2001 Regulations, evidence to prove eligibility for exemption should be submitted.
19. The address of the Applicant and Agent (if any) should be included here.
