18<sup>th</sup> May, 2009.

Re; Notice in accordance with Regulation 20(1) of the Waste Water Discharge (Authorisation) Regulations 2001 - D0054-01.

Dear Sir/Madam,

I refer to your letter dated 23<sup>rd</sup> April regarding above and reply as follows:

1. There is no additional environmental monitoring information available.
2. The number and status of discharges remains unchanged since the original application.
3. The provision of a Main Pumping Station at West Beach forms part of the Lower Harbour Main Drainage Scheme. No progress has been made since the original application. No work has been undertaken to eliminate infiltration, remediate structural damage and separate storm water from sewage effluent. No time frame can be prepared as no finance is available for this work.
4. The E.I.S. for the Lower harbour Main Drainage Scheme is with An Bórd Pleanála. This scheme cannot progress until An Bórd Pleanála issue their report/ruling on the E.I.S.

Please find attached a copy of this letter and a CD-Rom containing two copies in PDF format as requested.

Yours faithfully,

**PATRICIA POWER,  
DIRECTOR OF SERVICES,  
AREA OPERATIONS SOUTH,  
FLOOR 5.**
