re: **Nurendale Ltd. t/a PANDA Waste Services, Cappagh Road, Finglas, Dublin 11**  
Notice in accordance with Article 14(2)(b)(ii) of the Waste Management (Licensing) Regulations 2004 to 2008

Dear Mr O'Callaghan,

I refer to your application for a waste licence relating to the Nurendale Ltd. t/a PANDA Waste Services facility at Cappagh Road, Finglas, Dublin 11, which was received on 13<sup>th</sup> February 2009.

Further to your Article 14(2)(b)(ii) response which was received on 18<sup>th</sup> May 2009, I am to advise that the Agency is of the view that the documentation does not comply with Article 12 and Article 13 of the Waste Management (Licensing) Regulations 2004 to 2008. You are therefore requested to supply the information detailed below:

1. Further to your response to Question 1 of the Agency's Article 14(2)(b)(ii) notice, in order for the Agency to assess the emissions associated with the proposal to install an air extraction and abatement system at the Municipal Solid Waste building, information is required on the details of the system and the source, location, nature, composition, quantity, level and rate of emissions from the system.
2. Further to your response to Question 3 of the Agency's Article 14(2)(b)(ii) notice, you have stated that the applicant intends to apply for planning permission for the Municipal Solid Waste building in Autumn 2009 and that an Environmental Impact Statement (EIS) will be submitted with that application. Article 13(1) of the Waste Management (Licensing) Regulations 2004 to 2008 states that where development is proposed to be carried out, and such development requires an Environmental Impact Assessment, a waste licence application must be accompanied by a EIS prepared in respect of the said development.

You are therefore requested to provide written confirmation from the Planning Authority as to whether an Environmental Impact Assessment is required for the proposed development (including the processing of Municipal Solid Waste and the proposed increase in throughput), having regard to the requirements of the European Communities (Environmental Impact Assessment) Regulations 1989, as amended.

If an Environmental Impact Assessment is deemed necessary, please submit an EIS to the Agency in accordance with Article 13 of the Waste Management (Licensing) Regulations 2004 to 2008.

3. Further to your response to Question 12 of the Agency's Article 14(2)(b)(ii) notice, the disposal element of the licence application fee is based on annual intake, in accordance with the Second Schedule of the Waste Management (Licensing) Regulations 2004 to 2008. You are therefore requested to submit the outstanding €8,000 fee to the Agency without delay.

Please supply the information in the form of a one (1) original plus one (1) copy in hardcopy format within **four weeks** of the date of this notice. In addition please submit two (2) copies of the requested information to the Agency in electronic searchable PDF format on CD-ROM. Please note that all maps/drawings should not exceed A3 in size.

Where an EIS is required, please submit one (1) original plus one (1) hardcopy, and fifteen (15) copies in electronic searchable PDF format on a CD-ROM.

Please note that the application's register number is **W0261-01**. Please direct all correspondence in relation to this matter to Administration, *Licensing Unit, Office of Climate, Licensing & Resource Use, Environmental Protection Agency, Headquarters, PO Box 3000, Johnstown Castle Estate, County Wexford* quoting the register number.

Yours sincerely,

Aoife Loughlane  
Inspector  
Office of Climate, Licensing & Resource Use
