

ATTACHMENT E2 – EMISSIONS TO SEWER

There are no emissions to public (Local Authority) sewers associated with the operation of the proposed waste recovery facility.

Roadstone Dublin Ltd. has three waste water effluent (septic) tanks at its existing landholding at Fassaroe, all of which are located within the application site. These septic tanks serve the existing sales / weighbridge office, staff canteen and truck driver canteen. The locations of the three waste water effluent tanks are shown on Figure E2.1. Details of connections and populations served by each are as follows:

	Location	Toilets (No.)	Washbasins (No.)	Sinks (No.)	Employees (No.)
1	Sales/Weighbridge Office	1	1	1	6
2	Staff Canteen	1	1	1	5
3	Truck Driver Canteen	1	1	1	30*

Note: *This number of employees is a transient number and not all use the facility on a continuous basis

These are concrete chambered tanks which are regularly maintained and appear to be functioning adequately

For inspection purposes only.
Consent of copyright owner required for any other use.

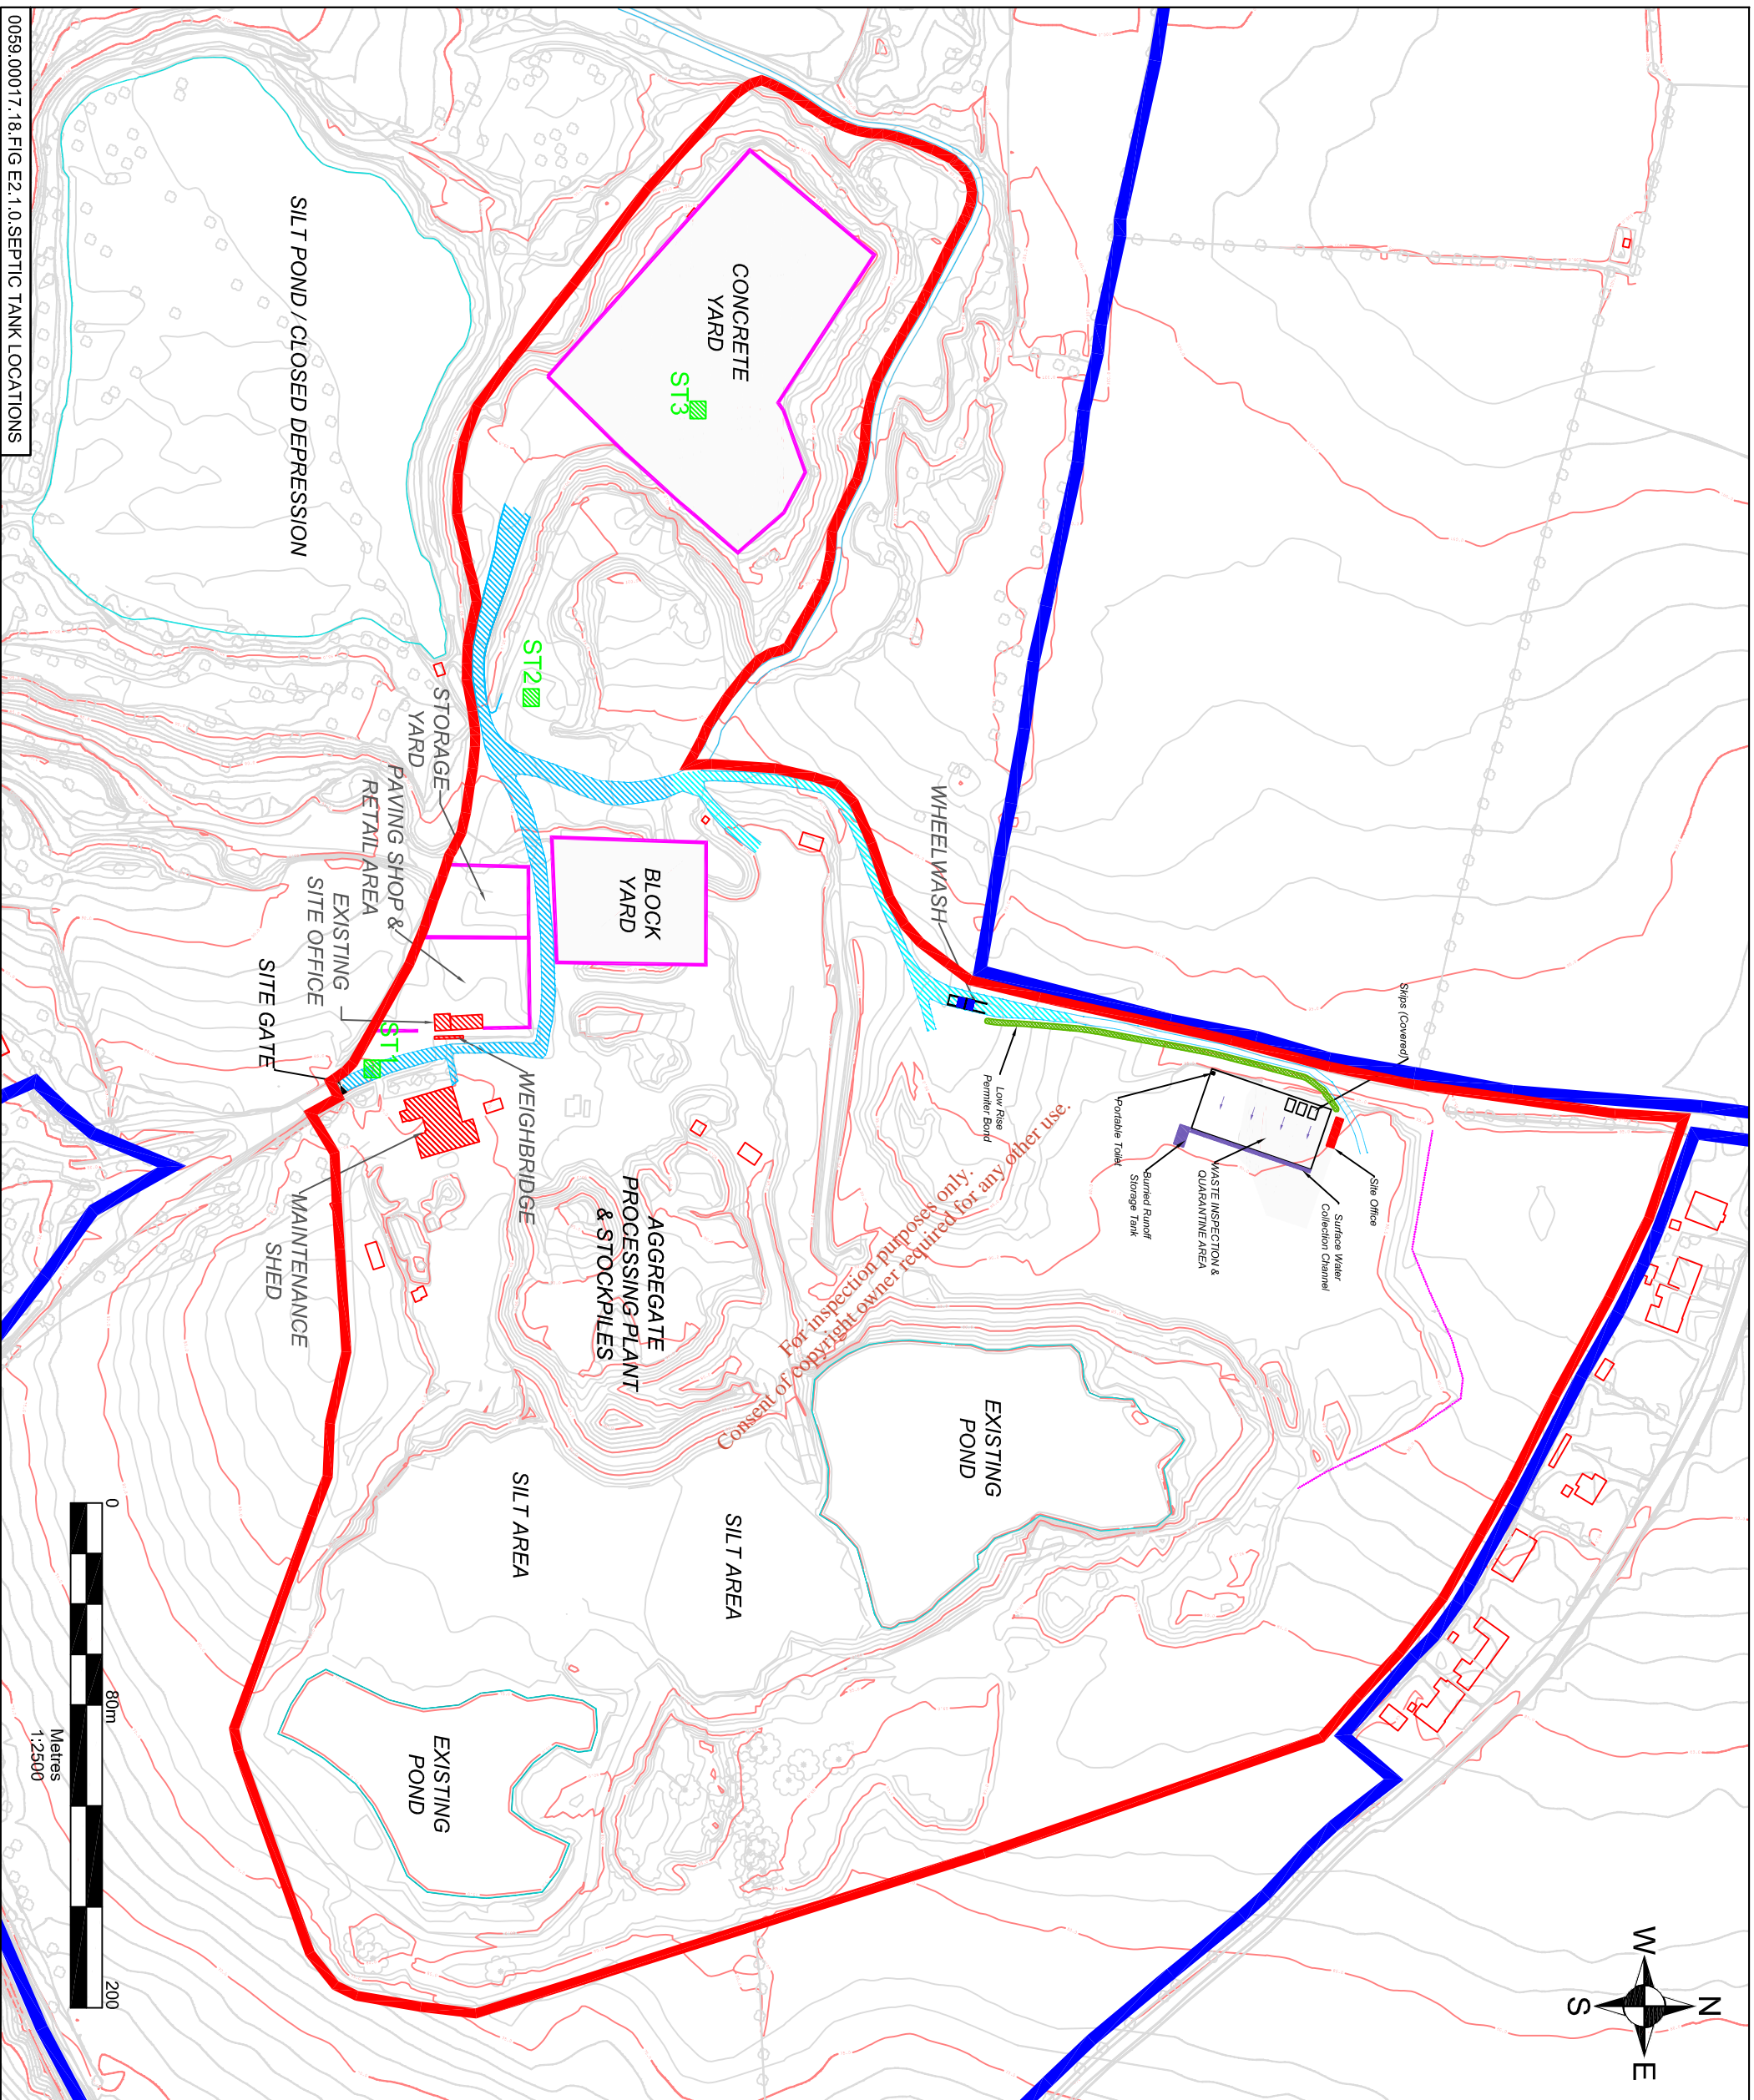

NOTES
