The Agency's Office of Environmental Enforcement (OEE) considers that the amendments requested cannot be accommodated under the current licence. The OEE advises the licensee to write to the Licensing Section at the following address and request a decision as to whether or not the proposed change can be accommodated under a technical amendment.

The Administration Section,
Office of Climate Change, Licensing & Resource Use (OCLR),
EPA Headquarters,
Johnstown Castle Estate,
County Wexford.

The licensee is advised to provide the following in the letter to the OCLR:

- Details of the requested change(s).

- Details of any increase or change in emissions resulting from the change(s).
- An assessment of the likely impacts of any increase/changes in emissions.
- Attach a copy of this letter.

Based on the OCLR consideration of the requested change the licensee will be granted an amendment to their existing licence to accommodate the change or advised that an amendment is not appropriate and therefore a licence review is required.

Yours sincerely

Pól Ó Seasnáin, Inspector,
