Re: Knockharley Landfill, Waste Licence Register No.: W0146-01

Notice under Article 16(3)(a)(i) of the Waste Management (Licensing) Regulations 2004

Dear Ms. Babiarczyk,

Further to your letter dated July 27th 2009, please find below the details requested.

The total void to be filled with waste over the authorised life of the facility is 3,616,955 m³.

This calculation is based on topographical surveys and computer simulations with the final profile of the facility, which have been carried out by our engineering consultants.

We trust that the above is satisfactory. Should you require further information please do not hesitate to contact me at 041-9821650.

Yours sincerely,

Reinhard Wilkes
General Manager
For and behalf of Greenstar Ltd.
