**RE: BALLYNACARRICK LANDFILL SITE**

Dear Mr Owens

Further to our letter dated 19<sup>th</sup> August 2009 to Ms Babiarczyk and your recent request, we would now confirm that the total amount of waste that has been placed and is to be placed at Ballynacarrick Landfill Site (over the authorised life of the facility) is approximately **311,800m<sup>3</sup>**.

This figure has been calculated using the data provided with our letter dated 19<sup>th</sup> August 2009 and the enclosed waste acceptance records. We would note that weighbridge records were only available from September 2002 and waste volumes prior to this stage are approximate. We have also assumed a compacted waste to volume ratio of 1t=1m<sup>3</sup>.

We trust that this is in order, however if you do have any queries do not hesitate to contact us.

Yours sincerely

  
Nigel Ruxton
