Subject: Ballynagran Lanfill - W0165-01

Dear Ms Babiarczyk,

Re: Request for Information

I refer to your letter dated 27th July 2009 requesting information regarding the total quantity of waste to be placed at the landfill over the authorised life of the facility, as well as information on the way this amount has been calculated. Please find the requested information below.

Under current licence agreements and planning permission the capacity of all cells (both built and not yet built) which have full consent (both a waste licence and planning permission) is 3.324Mm³.

This figure is based on the calculated post-settlement void of 2.77 Mm³ which is surcharged by 20% with respect to the depth of waste.

If you require any additional information please do not hesitate to contact the undersigned.

Yours sincerely

John Jones
General Manager
Greenstar Ballynagran Landfill
