Re: South East Recycling Centre, Carrigbawn, Pembrokestown, Co. Wexford

Dear Mr Dowling,

Further to discussions carried out with licensee representatives during an Agency audit on 16/06/2009, it was noted that activities were being undertaken outside the remit of the licence conditions.

The Agency has assessed the activities to see if they can be accommodated under a Technical Amendment of the Licence.

The Agency has decided a Technical Amendment cannot accommodate the changes in this case as the activities occurring would more appropriately be assessed as part of a Licence Review.

You are therefore advised to apply to the Agency for a review of your licence.

Yours sincerely,

Marie Harris
Programme Officer
Office of Climate, Licensing & Resource Use
