## Waste Licence W0173-01 – Request for Technical Amendment

Dear Ms/Sirs,

We are writing in relation to Waste Acceptance in Schedule A of our Waste Licence and are requesting a Technical Amendment to the Waste Categories and Quantities. We are not looking for any change in the total volume but are seeking a change to the composition of waste types as shown in the table below:

Waste Type	Current Maximum Tonnes/Annum	Requested Maximum Tonnes/Annum
Household waste collected by or on behalf of the Local Authority	1,600	18,000
Commercial Waste	70,000	53,600
Industrial waste not elsewhere specified	6,400	6,400
Construction & Demolition	4,000	4,000
<b>Total</b>	<b>82,000</b>	<b>82,000</b>

We are also requesting that the Licence may be so amended that any future request for a change to the composition volumes will not require a Technical Amendment.

We have already discussed the requested change with our OEE Inspector, Ms Siobhan McDonnell and she has advised that it cannot be considered under the existing licence and must be processed as Technical Amendment.

We hope that you may process this change with urgency. If you have any further queries in relation to this please contact the undersigned at 01 4136500.

Yours Faithfully,

Pearse Moroney
