To whom it my concern,

Ref. W0245-01

We wish to Lodge an Objection to the proposed decision Re: W0245-01. Waterford County Council is only too aware of the Odour issues that we have lived with over the last 04 years and their response to same has been dismal. The EPA was also contacted about these issues and I also include the most up to date odour issues we have encountered. We are also concerned as to what effect this odour is having on our health, even the health of the animals in our field.

As Molaisin Compost are unable to control emissions from their existing facility, what chance have we if this proposed expansion goes ahead, if action had been taken by Waterford County Council, maybe we would not find ourselves in the predicament we are in now, what guarantees are the EPA going to give that this will change.

It must also be remembered that we only report odour issues detected around our residence, due West of the Facility, there are three other points to take account of, and Waterford County Council have received complaints from two of these also.

Our quality of life has been severely affected by this odour, again I stress over the last four years, and it leaves us with little option but to object.

We look forward to your response on same.

Regards.

To whom it my concern,

We had an issue again of Odour from Molaisin Compost on Wednesday afternoon from 16:00 up to 23:30 on Wednesday evening the 28th October, the odour was very evident during this time.

What action will be taken regarding the above complaint?

We look forward to your response on same.

Regards.

To whom it my concern,

We had an issue's again of Odour from Molaisin Compost on Saturday 28-11-09 during the afternoon and evening, also Friday evening the 27-11-09 and Saturday the 14-11-09 all day occurrence and the previous Thursday the 12-11-09 during the evening, on all occasions the odour was particularly chronic. What effect is this odour having on our health, can this question be answered.

What action will be taken regarding the above complaint?

We look forward to your response on same.

Regards.

11-12-2009

To whom it my concern,

On our return home yesterday evening, 10th December we were again greeted with an chronic odour issue from Molaisin Compost, it is just not acceptable that we should have to live with this issue on our doorstep, Waterford county council have proved totally incompetent in what ever actions taken to resolve this on going issue since February 2006. Also for the record we had Odour issues on Thursday 03-12-09 during the evening and Saturday 05-12-09 during the evening also. Again I have to ask the Question, What effect is this odour having on our health!!!

What action will be taken regarding the above complaint?

We look forward to your response on same.

Regards.

03-02-2010

To whom it my concern,

Late on Tuesday night 02-02-10 at 23:30Hrs, we were again subjected to bad odour from Molaisin Compost dump.

But this was only pale in comparison to what we encountered this morning; it is so bad the odour has come in through the air vents into our house, again

What action will be taken regarding the above complaint?

We look forward to your speedy response on same.

Regards.

04-02-2010

To whom it my concern in,
Waterford County Council

As with Tuesday night 02-02-10, we were again subjected to bad odour from Molaisin Compost dump,

On Wednesday night 03-02-10 from 20:00Hrs approx until 00:15Hrs when last checked, we did not expect any better as Waterford county council have failed miserably to do anything about this issue. We have lived with this issue now for too many years with out any action being taken. We find it very hard to believe that Waterford county council have carried out so many inspections without finding any issues, with so many complaints raised at this stage.

We will not even ask what action will be taken regarding the above complaint?

But we would ask for a list of Dates and times when these inspections were carried out for our records and by whom, for any future action.

We look forward to your speedy response on same.

Regards.

Waterford County Council

We again had bad odour issues from Molaisin Compost dump. On our return home at 19:45 on Wednesday evening the 10-02-10 Odour continued to be present up to 23:45 when last checked, again on Thursday morning at 08:30 two plumes of steam/odour was visible coming for this same facility Molaisin Compost dump.

We are still awaiting acknowledgement of previous complaints sent to Waterford county council, and answers to questions asked as to what long term effect this air pollution (Odour) is having on our health.

We look forward to your speedy response on same.

Regards.
