To The Environment Protection Agency,

Reference: Waste Licence no. W0274-01 by AD Power  
Roscommon Ltd.

I wish to make the following submission regarding the above waste application.

The waste plant in question is only a short distance behind our property. I have two small children and therefore I am worried is this going to affect them in any way i.e. will there be a smell coming from there and what noise pollution is there going to be I am genuinely concerned about this.

As this originally was supposed to be a small scale operation and only requiring a waste permit from the local authority it now seems that it will be a big operation with 24,995 tonne of waste being brought to this plant annually.

We would therefore ask that the EPA take our concerns into consideration when they come to make their decision.

Yours Sincerely,

Noel & Sandra Cunningham
