RE: Waste Licence Application - W0256-01
Material Recovery Facility, Tallagh, Belmullet, County Mayo
Lennon Quarries Ltd.

Dear Sir/Madam,

I am writing on behalf of our client Lennon Quarries Ltd. TOBIN (acting on behalf of Lennon Quarries Ltd.) issued an 'Application for a Waste Licence' to the EPA on 28 January 2009. The application relates to an existing Material Recovery Facility, at Tallagh, Belmullet, County Mayo, which is presently operating under Waste Permit (PER 144), from Mayo County Council.

TOBIN received a call from Ms. Aoife Loughnane, EPA Inspector for the site on Tuesday 13 April 2010, with regards to the above application. Ms. Loughnane requested that Application Drawings 2084-2603 Rev. A, 2084-2607 Rev. A, 2084-2608 Rev. A, 2084-2609 Rev. A, 2084-2610 Rev. A & 2084-2611 Rev. A, which had site levels surveyed to/drawn to a local arbitrary datum, would be updated to show site levels to National Grid (mOD Malin Head).

Directors: D.A. Downes (Chairman) L.E. Waldron (Managing Director) M.F. Garrick R.F. Tobin J. Colleran B.J. Downes S. Finlay P.J. Fogarty
D. Grehan J.P. Kelly B.M. Mulligan B. Murray C. O'Keeffe F. Renkema (Dutch) E.J. Harrigan (Company Secretary)

Associates: T. Cannon P. Cloonan D. Conneran M. Conroy T. Curran O. Downes B. Gaffney B. Gallagher B. Heaney
B. Hutchinson D. Kennedy M. McDonnell C. McGovern E. McPartlin G. Stevenson

Please now find attached 1 no. original & 2 no. copies of Waste Licence Application W0256-01 Drawing Register & Drawings:

- Drawing No. 2084-2603 Rev. B;
- Drawing No. 2084-2607 Rev. B;
- Drawing No. 2084-2608 Rev. B;
- Drawing No. 2084-2609 Rev. B;
- Drawing No. 2084-2610 Rev. B;
- Drawing No. 2084-2611 Rev. B.

As discussed on the phone yesterday, as it is not listed as a requirement on the Waste Licence Application Form or associated Guidance Notes that levels on drawings are shown to National Grid, we understand that the revision of drawings at this stage (to update site levels to National Grid) will not slow down the Waste Licence Application Decision process.

Yours sincerely,

Dr Emma Sweeney
Senior Environmental Scientist
