

With Reference to Licence No.W0274-01, Ad Power Roscommon

My family and I would like to object to this facility that is proposed to take place at Ballinphuill Tibohine this is a horrific state for us in our location, as we currently reside in Lissian which at present has a landfill site, and is in operation since the early 1980s.

We recently learned about this waste plant and are horrified at the thought of being surrounded by two landfills as we are less than a half a mile from Ballinphuill.

I have a 5 year old child and we do not want him breathing in this toxic air at our home and our local school which is also the same distance from this site.

All the families in our surrounding area are deeply concerned about the impact this is going to bring to our lives as we do not know of any other county which has such a hazard taking over a community.

I only hope our lives will be put before this waste disposal.

Yours Sincerely
Cathy & William Casey
