RE: Waste licence application no.WO274-01 (AD power ltd site at  
Ballinaphuill,Tibohine,Castlerea,Co.Roscommon)

I wish to make a very strong objection regarding the above application.  
I live beside the site and have huge concerns regarding the establishment of such a vile facility coming near our country land. The waste facility is located right beside the local school where five of my grandchildren attend I have huge concerns regarding the gases/fumes and odours dispensed from this depot and inhaled by the children. It will be a burden to the community as a whole if this project goes ahead .i would appreciate it very much as a resident of Tibohine for over 50 years for you to consider all of the factors above before coming to your decision on granting the waste licence. Our community is not suitable for this sort of project. We DO NOT want our water, air and community polluted.

Thanking you  
Marie Kerrane.
