Re Waste Application No W0274-01

I would like to make a submission regarding the above, I was recently home from England and learned of the proposed waste licence application by Ad power. I live less than 200 metres from the site. I am concerned as the only form of water supply is my well should any contamination get into the water table I will be left with no supply of water into my home. Can you please take my submission into account when making your decision.

Your Sincerely

Ann Breen
