Re: Waste Licence application No W0274-01

I object to the granting of above licence on the
grounds of noise pollution.

I base my objection on the fact that there is
to be a refuse truck routine each day
except on Sundays, six trucks in total
six out when added to the already
loud traffic noise on the road these extra
lorry/truck movements will bring noise
pollution to a higher level to the detriment
of the local population especially the
school children during school hours
Any further shipment of trucks or use of
fork lifts on site will add to the noise
pollution. There may be pumps working on
site, for instance to pump water from the
wells, these too will increase noise pollution.
So also will the use of shredders
