Re: Waste Licence Application No. W0274-01

I object to the granting of the above licence on the grounds of possible water pollution. I base my objection on the fact that there is a stream which flows under the road outside the former Post Office premises and again flows under the N5 a hundred yards or so, West of Tibohine N.S. and continues North-Westward in the area of the proposed waste plant. It is possible that some of the ground and surface water around the waste facility may find its way into this stream and thence to Lough Gara, the source of our domestic and drinking water supply.

A further comment I wish to make is:- AD Power persists in calling the proposed enterprise a "Bio-Park".

Of course nothing in a name can effect the actual environment but it can project a distorted image. 'Park' is defined as (1) 'Public garden or recreation ground' (2) 'Enclosed land of a country house' (3) 'Parking area', the proposed enterprise fits none of those definitions. 'Bio-Park' signifies one of those defined above which contains only biological matter.

Regards,
Kathleen Lavin
