Re: Waste Licence Application No. W0274-01

I object to the granting of the above licence on the grounds of noise pollution.

I base my objection on the fact that there is to be a twelve truck routine each day except Sundays, six trucks in and six out. When added to the already loud traffic noise on the N5 these extra lorry/truck movements will bring noise pollution to a higher level to the discomfort of the local people and especially the school-children during school hours. Any further shunting of trucks or use of fork-lifts on site will add to the noise pollution. There may be pumps working on site, for instance to pump water from the wells, those too will increase noise pollution. So also will the use of shredders.

Regards,
Kathleen Lavin
