Re: Notices in accordance with Regulation 18(3) of the Waste Water Discharge (Authorisation) Regulations 2007.

Register No. D0431-01

Dear Mr Huskisson

I refer to the notice received for the Ballingearry Waste Water Discharge Licence Application on June 2nd last.

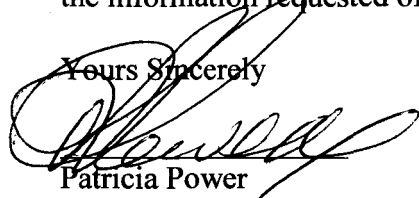

The notice consists of two items. Item 1 asks that a preliminary assessment be carried out and the results to be returned to the Agency within one from issue of letter. As the letter was dated 31st May 2010 then this preliminary assessment is due back to the Agency by 31st June next.

The overall date for return of the information requested i.e. any further assessment required in Item 1 and completing Item 2, is July 27th

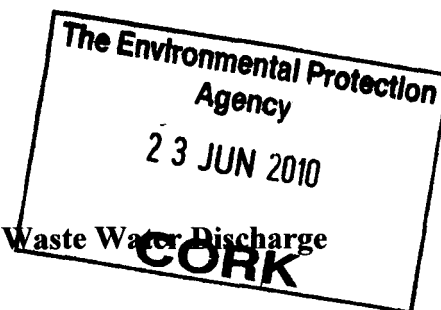

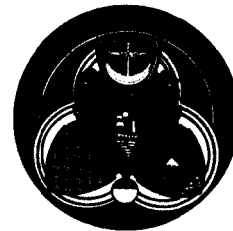

Cork Co Council respectfully requests a two month extension of time to supply this information. Due to staff shortages, summer vacations, the amount of work involved and the fact that four notices with the same timeframe were issued together we will not be able to gather the information requested in the timeframe given.

Therefore we respectfully ask the Agency to agree to a revised submission date for **all** the information requested of Thursday 30th Sept 2010.

Yours Sincerely
