Dear Mr. Gavican,

I refer to your application for a review of your Integrated Pollution Prevention and Control (IPPC) licence, which was received on 10th May 2010.

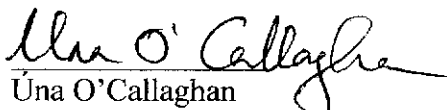

I am to advise that in accordance with the provisions of Section 90 of the EPA Acts 1992 to 2007, you are requested to supply the following additional information so that the Agency may complete a comprehensive assessment of the IPPC application:

- Please clarify if the daily and hourly discharge flow proposed for **SW2 Cooling Water System** in Table E.2(i) Emissions to Surface Waters of the IPPC application form is correct given that the EIS modelled a higher discharge flow.

In addition to the above please also provide an updated non-technical summary to reflect the information provided in your reply.

In the circumstances you should make immediate arrangements to have the required information (1 signed original, 1 hardcopy and 2 copies of all files in electronic searchable PDF format on CD-ROM) submitted to the Agency. Your response to this request should be directed to Sonja Smith, Administration Officer, Office of Climate, Licensing & Resource Use.

Yours sincerely,

Una O'Callaghan

Office of Climate, Licensing & Resource Use

Note: Any *telephone enquiries* in relation to the above should be directed to **Una O'Callaghan** at the number above.
All *written communications and replies* should be directed to Sonja Smith, Office of Climate, Licensing & Resource Use, EPA, Regional Inspectorate, Inniscarra, County Cork.
