Sir/Madame,

I am writing to you in relation to an application for a waste license by ADPower Roscommon Ltd reference number W0274-01 in respect of a facility at Ballinphuill, Tibohine, Castlerea, Co. Roscommon.

After attending a meeting in our local community centre I was left utterly disgusted at the outcome. It would have been absolutely impossible to have come out with an opinion other than this waste facility is **NOT** for us. I felt, like about **97%** of this community, betrayed by a local man. There is no way that the opposition is in the wrong here and that was clear from the lack of questions answered at the meeting.

I cannot even comprehend why this application is even being looked at when so much of the community is clearly **NOT** behind it. The people in this community have been lied to and lied to and to tell the truth been treated as dopes who the company thought would just sit back and embrace this farce. Well that is not going to happen because we are **NOT** dopes and we will **NOT** sit back and watch a company **FROM CORK** come into our community and destroy it.

I would like to let this Cork based company know that **THE WEST IS AWAKE.**

Disgusted resident,
Owen Lavin
